WHERE CAN MILLSAPS TAKE YOU?

MAKE THE MOST OF YOUR MILLSAPS EXPERIENCE THROUGH THE INITIATIVE FOR VOCATIONAL INQUIRY
The Initiative for Vocational Inquiry at Millsaps can help you find your way. Take a look at the map and ask yourself, “Where do I come alive? Where do I like to spend my time?” Then flip to the color-coded pages to find potential majors and minors that can take you there!
WELLSPRING LIVING AND LEARNING COMMUNITY

Wellspring pairs volunteer work with group reflection to create an engaging community experience.

By being part of the Wellspring community, you could...

• Build unexpected friendships with people in the community and your classmates
• Engage people experiencing homelessness, tutor students, or work on an urban farm that is providing fresh food access
• Consider new perspectives on what it means to “help”

For more information visit millsaps.edu/wellspring and/or email 1C1C@millsaps.edu

Wellspring is the perfect gateway into the VESO Minor.
Read on to find out more!
Vocation, Ethics, and Society (VESO) minors gain skills, experiences, and knowledge that set them apart in a competitive job market.

By declaring a VESO minor, you could...

• Learn about the social and ethical questions that professionals in your intended career field encounter in their daily lives
• Gain skills and begin networking through two internship experiences
• Partner with organizations and businesses in Community Engaged Learning courses or the Wellspring Community
• Go on an exploration trip to visit inspiring businesses or potential graduate schools, attend a conference or event, or take a retreat to consider your next steps

For more information, visit libguides.millsaps.edu/ivi and/or contact VESO@millsaps.edu

As part of the VESO minor, you will have the opportunity to take a Community Engaged Learning course. Read on to learn about the possibilities!
Community Engaged Learning (CEL) creates a bridge between classroom and community by providing students the opportunity to apply content knowledge to real world challenges as a part of their regular coursework.

By taking a CEL course, you could...

• Learn about STEM education by holding animals and engaging elementary students in conversation at the Mississippi Museum of Natural Science

• Learn about the history of Mississippi by researching a historic site in downtown Jackson, uploading this research into an interactive app, and then provide guided walking tours to these sites

• Learn about disability psychology by partnering with Mustard Seed, a residential community and daytime activity center for adults with disabilities

For more information, contact CEL@millsaps.edu

Spending time in authentic community spaces for your CEL courses will help you think about your future career trajectory. Read on to see how the Center for Career Education has got you covered!
The Center for Career Education encourages student growth and career development as a part of the total education experience.

By engaging with the Center for Career Education, you can...

• Begin exploring your interests, skills, and values, and the alignment of majors and careers
• Interact with employers and graduate and professional schools in information sessions, networking socials, employer site visits, and on-campus interviews
• Explore the connection between knowledge and theory learned in the classroom with hands-on, practical experience in a professional setting with the Internship for Credit Program
• Learn to articulate your skills, competencies and personal brand in résumés, cover letters, and interviews

For more information, contact careereducation@millsaps.edu
BIOLOGY
